European Folk Day is by you, for you, for us...

From grassroots communities to national organisations, from individual musicians to companies involved in **folk music, folk dance or storytelling** at any level. **Participation is open** to any individual, band, institution, company, community, local group - indeed anyone who wants to join in with an activity, either on-site or online.

You decide the shape of your participation.

How to see and be part of the European Folk Day:

The website will carry links to every event that has been registered plus their locations on a map of Europe - <https://europeanfolkday.eu>

Everyone participating should submit the information about their event/activity to <https://europeanfolkday.eu/participate>

And artists can submit their favourite song/tune to the Music Repository

The European Folk Day is a pilot project co-ordinated by European Folk Network (EFN) with financial support from the MusicAIRE project jointly organised by the European Music Council and Innova with funds from the Creative Europe programme of the European Commission.
